-- Illusion

Hi there,

I am undertaking a new possibility to send out to my dear friends the transmissions I receive from my counterparts on the other side of our veil. I do so because even though I write from a personal perspective I believe the information is universal and relevant for many. I am coming out of the closet, so to speak, for the empowerment of myself and others who see the necessity of turning this world of ours around to thoughts of our true Home.

It is time to move away from force and create from our place of power which is divinely given to every single Human Being. Yes, we have to first come to believe that we each have personal power, feel and then know how to implement it. I believe all that is a heart beat away now. The energy available to us is as it has never been before and we are supported to claim it from an entourage of energetic beings who are in service to each and every one of us and humanity as a whole.

I send this to you in love and light. If you do not wish to receive any more of them, please do not hesitate to let me know by the subject title of your email.

In love,

Vivienne

The Soul and The Divine Connection

Dearest Guidance,

I so love our dialogues that I would like to continue discussing placing them out into the world for others to read. However I am terrified at the thought of doing so. I need to know what to do and the significance of the fear.

Yes Child. Its amazing how that works! (Gentle laughing) We see you sit, writing to us and we think it is only a short distance till you'll be writing to others on the Earth plane and yes, we understand the feeling that arises out of this and we say to you, "IT IS ALL AN ILLUSION." Your fear is part of an energy matrix that is fed by fear. Take the fear component away and the matrix reconfigures instantly into a matrix of divine, pure energy set in motion to produce an expanded version of your true self. Like snowflakes falling to the earth in your wintertime, each version is unique and offers you the potential to meld into any creative thought process you wish. It is like

locked-up energy crystals held in place by fear. Release the fear and you release the potential. It's the energy matrix safety valve. They serve to keep humanity from literally jumping out of their skin before time, some through death and destruction or if more enlightened, then transformed into light energy, no longer anchored into the physical body.

See yourselves as a bright shining stars anchored by fear into the limited dimension of physicality. Here you feel and witness hardship and often despair but as you move your anchor up your chain/rope of connection to the star you find yourself able to create greater and greater expressions of your true nature that is not illusion. You are constantly releasing illusion as you move more and more fear. See yourself as the brightest angel for this is what you are, and see your self pulling around a heavy weight attached to Earth. You are longing for freedom, expansion into your true self. As your fear dissolves, as it literally does BECAUSE it is ILLUSION, then your angel self gets lighter and lighter AND more joyful.

Losing density/fear creates joy?

You are absolutely right. This is what we wish you to learn at this time because this is EXACTLY where you are. See our love flow to you and our great desire to have you move forward. Can you see why you're 'efforting' to move forward as an angel without releasing the fear would be difficult? But that is what most humans try to do. They drag their anchor with them. Can you now see why your light diminishes as angels? Why the energy divinely given to you to shine brightly might become dull under the weight of dragging your fear around?

We tell you Child, it is not in 'efforting' to get to the place you want to be, which by the way is a place divinely inspired on both sides of the veil, it is in the **RELEASING** that you move forward. We cannot over emphasize this point Child because this is your greatest stumbling block and it will continue to be through out this present lifetime until you are willing to address it, recognize it, and release it.

Partly why this particular fear is so tremendously burdensome to you at this time is because you 'ripe' for its release. You have worked diligently up to and around this part of your development for many years. You have come up to this point in your life before as you know but now you have more tools and support than you have ever had up and till now to use in order to release.

You do keep moving closer and closer to this all the time...for that we honor you. However, you want to live your life as if this burden doesn't exist and that by somehow pretending it doesn't it will go away. I know that most of the population on the Planet Earth tries to circumvent their lessons of fear /limitation also but that doesn't mean, and especially in this expanded awareness consciousness now upon the planet, that it is a successful method for enlightenment. It only means it is harder and harder to ignore.

People are getting stuck; stuck in the mud of self-created deception that holds the anger/fear in place. You have diligently cleared the mud away from your fear so that you can now see it clearly/cleanly what this fear is. You can see the illusion behind the fear.

Hold us closely to your heart and we can successfully co-create the release of all your fears as they come up for review one at a time. This is why it is such a

marvelous time to be on the Earth plane right now because until now this has never before been possible; to shift energy in this manner. This process of co-releasing with Spirit is a gift you have given to yourselves as a result of raising consciousness to attune to the energy of home.

As you find your self swiftly moving more and more into the energy signatures (energy matrixes) of home, you will be asked to drop more and more of your density. You see it no longer serves your wholeness/Holiness for you angels to be so densely connected to the Earth. Your anchors to Earth will one day again become shining beacons of golden light where, as they touch the earth, will light a beacon kindling a sense of recognition of the Home you forgot. Can you not see the beauty of what you will achieve by dropping your limited illusions of fear? What a wonderful glorious service you perform for yourself and others.

Thank you Guides.

It is mutual, Dear One. You who do this work are performing such service to the Earth. However such is the nature of illusion you hardly recognize it.

Peace be with you

All blessings to you and your dear companions you travel with in this beautiful and glorious Earth.

Could you address the issue of co-creating a weekly column or writing articles, and about what, with you? I know I need to start writing but then the issue of whom for and how and what is the info to be? Am I to receive info that is beneficial for everyone and can our personal transmissions be sent out to others?

Dear Child, all these ideas are blessed ones. You are on the right track and not to be in despair about any avenue being the perfect path. It is enough/essential that you just begin. Begin to believe that what you have to offer is valuable in any form. Mostly your friends and acquaintances are the surest bet.

Please be advised we have said to go slow and we are not insincere about this request. Leaping too quickly into a place that misses out essential ground breaking steps for you would be imprudent. Heed our words as gospel, meaning heed our word as a form of right divine path work. We promise we will be with you every step of the way. However, we may pull back a little on your energy if we think you are leaping too far too quickly. Allow your senses to be aware of your 'danger' boundaries, i.e. when you are placing your energy too far out on a limb without adequate support beneath you. You will find advantages, areas to drop in your truth as you move about your day. As you witnessed today your energy field expands greatly as you move onto your path. We witness this from our side as a stream of energy finding the river of its purpose; (*contractual agreements made on this side of the veil*) but forgotten by you until the appropriate time for self-revelation. By no means do not play with ideas but test where it feels safe to venture forward and where it does not.

This however, is not to be confused with being blocked. The energies of these two matrixes are quite different. Feeling safe and feeling blocked are quite different. Note the fear as it begins to rise and then ask self, 'am I safe or is this a block.' Your body energy matrix will answer you and it is imperative you TRUST your answer. Do not deceive yourself because again by not going forward you collect 'mud' around your fear/block and then have to back track to remove it again. Yes, keep pressing forward. You will easily identify safety because it will bring a smile to your lips and a joy to your heart. Fear does not do these things. Discover the fear, release and this will remove the block.

Be At Peace, Child
Go with God.
