Dearest, dearest Friends in Spirit,

Thank you so much for assisting me to be open and receive you more fully. (I did a quick HR session to release blocks to receiving the following info.) Thank you for your patience and your love.

I welcome you all into my space and I ask for your presence here. I'm wondering if there's a particular topic you know all who read this would enjoy and feel is useful?

We are here, Child. Open your heart to receive love/the energy of Home.

Welcome Child. Yes, indeed we have a topic. We would like to address more closely the nature of intimate relationships that are worn out of their usefulness.

We see among your Readers, a lack of acceptance regarding the status of your relationships with certain intimate friends and loved ones who currently reside within the energy fields of those reading these words.

Close to the heart of all Human Beings is a great desire to be loved, be important and feel connected. Likewise within all Human Beings, the ability to comprehend when something is no longer loving or no longer beneficial is enormously challenging. If one wishes to be loved above all things and determines that that love comes from outside one's self, then problems evolve. The key to understanding the desire to hold on is in the recognition of the need to feel secure.

Often when not fully in charge of one's own life and one's own resources a person feels diminished in their personal power and authority, thereby causing a lack in the feeling of security. And here we mean authority to determine for one's self what is right and what is not; by right we mean, hopeful, loving, considerate, ENJOYABLE, pleasing, simple AND DIVINE.

All your relationships with others on the Earth Plane are the reflection of the relationship with the Divine, or how one feels in relation to their God head. If an individual chooses to have relationships close to Home/the Divine that are loving, peaceful and content then they are on a path which brings balance into lives and amplifies the use those skills that actuate personal power. By opening up energetic connections to the Divine and the energy of your true Home, multiple resources become fully available.

The root instrument in enhancing this endeavor toward your inner Divinity is the heart. The heart KNOWS what is appropriate, loving and Divine and each individual's heart knows the right path for your journey on your Planet. The result of accessing the inner knowing held within the heart is full inner connection and empowerment.

Human Beings routinely look to others to give them the love/safety and security of Home which is due to the primary instinct for survival of the new-born at birth. However, it is not to be forgotten that before coming into this world you already had a connection to All That Is/Divinity/Home and to re-connect is your birthright.

Remember your connection to the Divine cannot be diminished or taken away. It is always present. It is never removed. You are that, that is you. What occurs is that there is a systematic depletion, a re-enforcement by what is seen or experienced in your world, which removes your own power, diminishes your knowing and subverts your self-determination. However, the positive side of this is, with only a little bit of work a reconnection to Source, the Divine and your inner knowing can be quickly accessed and rekindled. The flame never goes out. It is just covered up.

Take heart Dear Ones knowing no one, NO ONE is ever lost, forgotten or dismissed. ALL are included and held as precious, important and significant. Likewise all God's creatures and all the energy of the universe are considered thus.

Consider your own lives Dear Ones, at this time and the pronouncements that are being made from many different sources to open your hearts. This is a request not necessarily to have love and compassion for others but rather to be uplifted and comforted yourself. Opening your hearts causes a rushing in, literally, of Grace.

What is Grace?

Grace is an all encompassing expressing of the purest kind of energy straight from the Divine. It blasts through misconceptions. It clears up blocks. It expands hearts and makes them challenge-proof. It glorifies the name of All That Is/ the Divine and it proves its existence. Watch sometimes a child crying for its mother's attention. Watch the mother bend over, retrieve the child, hold it closely in loving, safe arms and say, "I am here, Child. You are safe. All is well." This is grace in action.

Imagine opening your hearts. Literally, visualize it expanding and you will receive grace in action. Couple that with the inner knowing of what is right and you become

abundant and safe for your self, in accord with your own personal inner security.
Grace in action.

We will leave you here Child, for you have much to mull over.

In blessings and love we remain your Friends in Spirit.

Be at peace.
